Administrative report (Carma)

- Modularity should be ready to go in May. Classes will begin there in the fall.
- A new science lab is being created, as well as keeping the existing science lab. It is larger and will be able to accommodate more complex experiments. Furniture and some equipment will be paid for by the system. Some additional equipment will need to be purchased.
- Student numbers for next fall are expected to increase by about seventy students.
- The Toronto band trip, the school dance, a talent show, the drama production, and spring sports are all happening.
- Graduation banquet tickets were sold via a new platform and there were some technical issues. Apologies are given and extensive problem solving is happening.

Chair Report (Madelyne)

- Imagine Institute presentation on May 5 @6-8pm, *“Beyond Deep Breaths: Real Conversations About Mental Health with your Emerging Adult”*

- The cost is going to be entirely covered by our previously unused school council engagement grants.
- ASCA resolutions can be voted on via an online survey in the weekly email.
- The next COSC meeting is April 22.

Motion to adjourn @7:30pm by Madelyne, seconded by Sheila, all in favour, and motion passes.

May 25 will be our annual general meeting.
